

Line Nault  
KITMOBILE **RIDER**  
v1.0 -- 11 juin 2007

kitmobile is a modular performance that has 5 different modules, which can occur over the course of a festival, or as independent events based around a gallery or other space. One or two modules may be perform per day. Each module has specificities, but all share the same core requirements, as outlined below.

#### **A. PROVIDED BY THE PRODUCER**

- 1 venue(s) appropriate for spontaneous artistic interventions (about 5m by 5m minimal, no direct sunlight if during the day).
- 2 logistics and help for the local transportation of the suitcases (if not walkable)
- 3 convenient and secure space for preparation and storage of the suitcases (near the venue(s))
- 4 1000W/240->120VAC transformator
- 5 access to a workshop for minor repairs (soldering, woodworking, painting)
- 6 small budget (100E) for repairs to the suitcases or costumes

#### **B. PROVIDED BY THE ARTIST**

- 1 suitcases, complete with digital and audiovisual equipment

#### **C. SCHEDULE**

- 1 arrival at least one day before first intervention, to scout possible venues
- 2 transportation, accomodation and perdiem for two (2) individuals (Line Nault and Alexandre Burton) for the duration of the event.
